### OUR KEY PROJECTS

#### Repatriation Flights | June 2020' and on-going

An evacuation exercise of migrant citizens from GCC countries. ITL World was tasked with repatriating & in-patriating fellow residents to their home destinations and back undertaking all necessary precautions.

We released online registrations to gauge interest from potential customers and those intending to travel using this platform. Analyzing the data, we identified the priority destinations. Our passengers were from corporates to retail walk-in, priority was given to pregnant women, elderly citizens, students, patients facing terminal illness and distressed workers.

Our implementation included safe passage, to accommodation & transportation, to destinations which also required mandatory institutional quarantine.
